Public Accounts Content

The Public Accounts are divided into three volumes as follows:

Public Accounts Annual Report

- *Overview*—provides a written commentary on the numbers reported in the Summary Financial Statements plus additional information on the financial performance of the government.
- *Summary Financial Statements*—these statements have been prepared to disclose the economic impact of the government's activities. They aggregate the Consolidated Revenue Fund and government organizations and enterprises.

Public Accounts—Volume 2

- *Consolidated Revenue Fund Financial Statements*—these statements include the accounts of the Consolidated Revenue Fund, combining the activities of the General Fund with funds earmarked for specific purposes, Special Funds.
- *Supplementary Schedules to the Financial Statements*—this section contains schedules which support the information presented in the province's Consolidated Revenue Fund Financial Statements, including details of expenditures by ministerial appropriations, together with an analysis of statutory appropriations and Special Accounts and Special Funds transactions.
- *Detailed Schedules of Payments*—this section contains detailed schedules of salaries, wages, travel expenses, grants and other payments.

Public Accounts—Volume 3

- *Summary of Financial Statements of Government Organizations and Enterprises*—this section contains summaries of the latest audited financial statements of government organizations and enterprises. A summary of financial information for other entities subject to the *Financial Information Act* is incorporated in Section G of this volume.
- *Trust Funds Financial Statements*—this section contains the latest audited financial statements of the pension, superannuation and long-term disability funds administered by the government. A summary of financial information for trust funds is included in this section.
- *Summary of Audited Financial Statements of Public Bodies Reporting under the Financial Information Act*—this section contains a summary of the financial statements of public bodies reporting under the *Financial Information Act* (S.B.C. 1985, chapter 8, Section 2) and not included elsewhere in this volume.

Report of the Auditor General of British Columbia

CONSOLIDATED REVENUE FUND PROVINCE OF BRITISH COLUMBIA

*To the Legislative Assembly
of the Province of British Columbia
Parliament Buildings
Victoria, British Columbia*

I am required by the *Financial Administration Act* to provide my report on these Consolidated Revenue Fund financial statements, which reflect only the transactions and balances of the Province's General Fund and Special Funds. Other significant financial activities of the Province occur outside the Consolidated Revenue Fund and are not included in these fund statements. These additional activities are reflected in the Province's Summary Financial Statements which consolidate all organizations, including the Consolidated Revenue Fund, and enterprises for which the government is responsible.

To understand and assess the government's management of public financial affairs and resources as a whole, readers should refer to the Province's Summary Financial Statements.

I have audited the statement of financial position of the *Consolidated Revenue Fund of the Province of British Columbia* as at March 31, 1996 and the statements of operations and of changes in cash and temporary investments for the year then ended, as presented on the expense basis of accounting described in note 1 to these statements. These fund statements are the responsibility of the government. My responsibility is to express an opinion on these fund statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. In the conduct of my audit, I have received all the information and explanations I have required.

AUDITOR GENERAL'S REPORT
CONSOLIDATED REVENUE FUND
PROVINCE OF BRITISH COLUMBIA

The net operating expense for the year ended March 31, 1996 of \$347 million, and the net deficiency as at March 31, 1996 of \$11,381 million have been determined by accounting for certain loans and guaranteed debts on a basis consistent with prior years. In this regard, the government has recorded as assets of the Consolidated Revenue Fund the amounts described in the statement of financial position as "loans for purchase of assets, recoverable through future appropriations" of \$5,069 million (\$4,493 million for 1995). Because these loans are recoverable through future appropriations they should be accounted for as an expense of the Consolidated Revenue Fund of the period in which each was incurred. Similarly, the debts of government organizations guaranteed by the province, to the extent their repayment depends on future appropriations, totaling \$823 million (\$941 million for 1995), should be accounted for as a direct liability of the Consolidated Revenue Fund.

Had the above-noted loans been expensed and guaranteed debt been recorded as a direct liability of the Consolidated Revenue Fund, the net deficiency as at March 31, 1996 would increase by \$5,892 million (\$5,434 million for 1995), liabilities as at March 31, 1996 would increase by \$823 million (\$941 million for 1995), and expenses for the year ended March 31, 1996 would increase by \$458 million (\$682 million for 1995).

I report in accordance with section 7 of the *Auditor General Act*. In my opinion, except for the effects of not expensing loans and not recording guaranteed debt referred to in the paragraph above, these fund statements present fairly, in all material respects, the financial position of the Consolidated Revenue Fund as at March 31, 1996, and the results of its operations and the changes in its financial position for the year then ended in accordance with the stated accounting policies as set out in note 1 to these fund statements. In these statements, opening balances for the year ended March 31, 1996 have been adjusted to reflect the expense basis of accounting, a basis whereby tangible capital assets are recorded as assets in the statement of financial position and amortized in the statement of operations.

Statement of Responsibility for the Financial Statements of the Province of British Columbia

Responsibility for the integrity and objectivity of the financial statements of the Province of British Columbia rests with the government. The financial statements are prepared by the Comptroller General under the direction of the Treasury Board, pursuant to section 8.1 of the *Financial Administration Act*, in accordance with the government's stated accounting policies. Each financial statement covers the fiscal year of the government, which is from April 1 to March 31 of the following year.

To fulfill its accounting and reporting responsibilities, the government maintains systems of financial management and internal control which give due consideration to costs, benefits and risks, and which are designed to provide reasonable assurance that transactions are properly authorized by the Legislative Assembly, are executed in accordance with prescribed regulations, are properly recorded so as to maintain accountability of public money and safeguard the assets and properties of the Province of British Columbia under government administration. The Comptroller General of British Columbia maintains the accounts of British Columbia, a centralized record of the government's financial transactions, and obtains additional information as required from ministries, agencies and Crown corporations to meet accounting and reporting requirements.

The Auditor General of British Columbia provides an independent opinion on the financial statements prepared by the government. The duties of the Auditor General in that respect are contained in section 7 of the *Auditor General Act*.

Annually, the financial statements are tabled in the Legislature as part of the Public Accounts, and are referred to the Standing Committee on Public Accounts of the Legislative Assembly. The Standing Committee on Public Accounts reports to the Legislative Assembly on the results of its examination together with any recommendations it may have with respect to the financial statements and accompanying audit opinions.

Approved on behalf of the Government of the Province of British Columbia:

ANDREW PETTER
Chair, Treasury Board

Notes to Consolidated Revenue Fund Financial Statements for the Fiscal Year Ended March 31, 1996

1. Significant Accounting Policies

(a) REPORTING ENTITY

These financial statements include the transactions and balances of the General Fund and the Natural Resource Community Fund (Special Fund) which combined are known as the Consolidated Revenue Fund. Separate Summary Financial Statements of the government are prepared which include the financial activities of the Consolidated Revenue Fund and government organizations and enterprises. (See Summary Financial Statements in Volume 1 of the Public Accounts.)

For purposes of these financial statements, the General Fund and any Special Funds of the government are presented as one Consolidated Revenue Fund, which is comprised of:

- General Fund—includes all transactions and balances of the government not otherwise earmarked by legislative action, including those of the Queen's Printer and the Purchasing Commission, special accounts and other statutory spending authorities; and
- Special Fund(s)—amounts set aside from the General Fund by special disposition of the Legislature.

(b) PRINCIPLES OF COMBINATION

The accounts of the General Fund are combined with the Special Fund after adjusting to conform with the accounting policies described below. Inter-fund revenue and expenditure transactions are eliminated upon combination.

(c) BASIS OF ACCOUNTING AND SPECIFIC POLICIES

The government's Consolidated Revenue Fund Financial Statements are prepared in accordance with the accounting policies described below and on a basis consistent with that of the preceding year.

BASIS OF ACCOUNTING

The accrual basis of accounting is used, which is specifically expressed as follows:

Revenue

All revenues are recorded on an accrual basis except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable. The exception is corporation income tax, which is recorded on a cash basis. Revenues from government enterprises are recognized when cash transfers are received or when dividends are declared. Designated revenues collected for British Columbia Transit, BC Transportation Financing Authority and Forest Renewal BC are included in gross revenues and then deducted as transfers to these agencies to determine net revenue.

Expenses

All expenses are recorded for goods and services received during the year. Grants (which include forgivable loans) are recorded as expenses when disbursement of the funds has been authorized. Contributions are recorded as expenses at the earlier of:

- (i) the date payment has been authorized or
- (ii) the date on which performance conditions are achieved by the recipient under provisions of a statute, contract or agreement.

Authorized contributions relating to retroactive wage settlements are recorded as an expense of the period during which the services were provided.

Recoveries of expenditure may be recorded as a credit to the appropriate expenditure account when:

- (i) they can be specifically identified with the expenditure transactions and payment has actually been made from an appropriation
- (ii) provision for them has been approved through the Estimates and
- (iii) the expenditure to which they relate was incurred in the same fiscal year.

Tax credits/offsets are accrued on the same basis as the associated tax revenues.

Assets

Assets are economic resources controlled by government as a result of past transactions and events from which future economic benefits may be obtained.

Assets have three essential characteristics:

- (i) they embody a future benefit that involves a capacity, singly or in combination with other assets, to provide future net cash flows, or to provide services
- (ii) the government can control access to the benefit
- (iii) the transaction or event giving rise to the government's right to, or control of, the benefit has already occurred.

All assets are recorded to the extent that they represent cash and claims upon outside parties; items held for resale to outside parties; or, represent tangible capital assets acquired as a result of events and transactions prior to the year-end.

Tangible capital assets are non-current assets that are acquired, constructed or developed and:

- (i) are held for use in the production or supply of goods and services
- (ii) have useful lives extending beyond an accounting period and are intended to be used on a continuing basis
- (iii) are not intended for sale in the ordinary course of operations.

For the purpose of this policy, government tangible capital assets include computer hardware and software.

Tangible capital assets do not include:

- (i) inventories held for resale (including land)
- (ii) assets acquired by Right, such as Crown lands, forests, water and mineral resources
- (iii) assets paid for by other parties, such as the federal government.

Liabilities

All liabilities are recorded to the extent that they represent claims payable to outside parties as a result of events and transactions prior to the year-end, including: probable losses on loan guarantees issued by the government; contingent liabilities when it is likely a liability exists and the amount of the liability can be reasonably determined on an individual or portfolio basis; and, unfunded pension liabilities.

Foreign Currency Translation

Monetary assets and liabilities denominated in foreign currencies are translated to Canadian dollars at the exchange rate prevailing at the year-end. Foreign currency transactions are translated at the exchange rate prevailing at the date of the transaction unless hedged by forward contracts which specify the rate of exchange. Adjustments to revenue or expense transactions arising as a result of foreign currency translation are credited or charged to operations at the time the adjustments arise. Unrealized foreign currency gains and losses on long-term, fixed-term monetary assets and liabilities are reported as deferred charges and amortized over the remaining terms of the related items on a straight-line basis. Non-monetary assets and liabilities are translated at historical rates of exchange.

Derivative Financial Instruments

The province is a party to financial instruments with off-balance sheet risk, either to hedge against the risks associated with fluctuations in foreign currency exchange rates or to manage risks associated with interest rate fluctuations. Foreign currency contracts are used to convert the liability for foreign currency borrowings and associated costs into Canadian or U.S. dollars. Interest rate contracts are used to vary the amounts and periods for which interest rates on borrowings are fixed or floating.

Foreign exchange contracts include forward and future contracts, swap agreements and options. Interest rate contracts include forward rate agreements, future contracts, swap agreements and options on swaps, and deferred rate setting agreements.

Off-balance sheet position data is given in the form of nominal principal amounts outstanding.

Concessionary Loans and Mortgages

Loans and mortgages that are made at a rate of interest below the government's borrowing rate for an equivalent term are considered concessionary. Concessionary loans and mortgages are recorded at their net present value (net of grant component) less any provision required for doubtful collection. Present value discounts are recorded as grant expenses. Principal repayments of concessionary loans and mortgages will be applied to the reduced loan or mortgage balance (net present value) and then recorded as revenue (recovery of a grant) when received.

Valuation Allowances

Valuation allowances, such as provisions for doubtful accounts and provisions for reduction in value of investments, are included as expenses on the Statement of Revenue and Expense/Expenditure. Corporation income tax, personal income tax and property tax are recorded net of tax credits and adjustments which are based on revised assessments of actual tax revenue of previous taxation years. Tax credits and adjustments are not considered valuation allowances.

SPECIFIC POLICIES

Accounts Payable and Accrued Liabilities

All amounts payable (including any trade payables to government organizations and enterprises) for work performed, goods supplied, services known to have been rendered or for charges incurred in accordance with the terms of a contract are recorded as part of the expenses of the fiscal year.

Amounts Due to Other Governments

Amounts due to other governments represent liabilities incurred due to advances and loans from other governments.

Due to Crown Corporations, Agencies and Funds

Amounts due to Crown corporations, agencies and funds represent liabilities incurred, other than trade payables, which are payable in the following year.

Deferred Revenue

Deferred revenue represents amounts received or receivable prior to the year-end relating to revenue that will be earned in subsequent fiscal years.

Unfunded Pension Liabilities

Unfunded pension liabilities represent the unfunded portion of pensions provided to its employees. The percentage of the unfunded portion of certain statutory pension plans, which are funded by the province, is also included. The amount is calculated using the Accrued Benefit Actuarial Cost Method.

Changes in the unfunded liability for pension plans which arise as a result of estimation adjustments due to experience gains and losses and changes in actuarial assumptions are amortized over the expected average remaining service life of the related employee group. Gains or losses arising as a result of plan amendments are recognized in full in the year of amendment.

Public Debt

Public debt represents direct debt obligations of the Province of British Columbia, including amounts used for government operating purposes, the Fiscal Agency Loan Program and the Warehouse Program. These obligations are recorded at principal less unamortized discounts and sinking fund balances where applicable.

The Fiscal Agency Loan Program represents debt obligations incurred for the purpose of re-lending to authorized government bodies. The amounts will then be repaid through the operations of the agencies or through amounts advanced to the agencies by the government from future appropriations.

The Warehouse Program represents debt incurred at beneficial terms to provide for anticipated future needs of government and the Fiscal Agency Loan Program. Proceeds are invested until funds are needed. Swaps may be transacted for hedging the debt issued, to ensure that funds are available at prevailing market rates of interest at the time the monies are needed.

The Matched Book Program is designed to take advantage of arbitrage opportunities available in the market where the province may borrow at a given interest rate and invest proceeds at a higher interest rate, subject to profit targets and investment quality parameters. Interest payments and interest income may be swapped to effectively lock in the interest rate spread.

Discounts are amortized on a true constant yield basis. Unamortized discount on bonds called and refinanced is amortized over the remaining life of the old debt, or the life of the new debt, whichever is shorter.

Cash and Temporary Investments

Cash balances are shown after deducting outstanding cheques issued prior to the year-end. Cheques issued subsequent to the year-end relating to the previous year are included in accounts payable.

Temporary investments include short-term investments recorded at the lower of cost or market value. Temporary investments consist mainly of units in the Province of British Columbia Pooled Investment Portfolio money market funds. Units are carried at the lower of cost of acquisition adjusted by income attributed to the units, or market value.

Warehouse Program Investments

Warehouse Program investments include investments held within the Warehouse Borrowing Program. Temporary investments within this program are short-term investments recorded at the lower of cost or market value.

Accounts Receivable

All amounts receivable (including any trade receivables from government organizations and enterprises) at the year-end for work performed, goods supplied and/or services rendered are recorded as revenue or recoveries of the fiscal year. Valuation allowances are provided where collectibility is considered doubtful.

Inventories

Inventories comprise items held for resale and are recorded at the lower of cost or net realizable value. Inventories of supplies are charged to the respective programs when the cost is incurred.

Property consists of land which has been purchased, or for which development costs have been incurred, and is recorded at the lower of cost or net realizable value, and is held for ultimate resale or lease to outside parties.

Amounts Due From Other Governments

Amounts due from other governments include loans and advances outstanding at the year-end.

Investments In and Amounts Due From Crown Corporations and Agencies

Investments in and amounts due represent long-term investments and amounts due, other than trade receivables, and are recorded at cost unless significant prolonged impairment in value has occurred, in which case they are written down to recognize this loss in value. If, in periods subsequent to recognizing this impairment, the value of the investment is restored, the investment is written up to the lesser of restored value or original cost.

Loans, Advances and Other Investments

Loans, advances and other investments are recorded at cost less adjustment for any prolonged impairment in value.

Mortgages Receivable

Mortgages receivable are secured by real estate and are repayable over periods ranging up to thirty years. Valuation allowances are made when collectibility is considered doubtful.

Fiscal Agency Loan Program

Fiscal Agency Loan Program consists of loans made to government bodies, and cash and temporary investments set aside for the specific purpose of loaning to government bodies. Loans are recorded at maturity value less unamortized discounts and sinking fund balances. Discounts are amortized on a true constant yield basis.

Only loans made under this program that are recoverable from agencies, and not dependent on future appropriations, are considered financial assets.

Other Assets

Other assets include prepaid program costs. Prepaid program costs represent expenditures made during the fiscal year for work to be performed, goods to be supplied, services to be rendered or contractual obligations to be fulfilled by outside parties in a subsequent fiscal year. These costs also include inventories of operating materials held in the Purchasing Commission and Queen's Printer warehouses pending distribution in a subsequent fiscal year.

Also included in Other Assets are certain deferred charges.

Work-In-Progress on Tangible Capital Assets

Work-in-progress consists of construction in progress and the unamortized balance of abandoned or indefinitely postponed projects. Costs of projects which are abandoned or indefinitely postponed are written-down to their estimated net realizable value and charged to operating expense in the period the abandonment or indefinite postponement occurs.

For the purposes of these financial statements work-in-progress is defined as including those assets under development or construction which will ultimately be recorded as tangible capital assets but not yet substantially complete (97%) and/or in use, with an expected (budget; forecast) end cost of \$100,000 or more.

Tangible Capital Assets

Tangible capital assets are recorded at historical cost. Estimated cost is used to record existing tangible capital assets when actual cost is unknown or otherwise cannot be determined. The information recorded includes the estimated original cost of the tangible capital assets, their estimated useful lives and the related estimated accumulated amortization. In valuing tangible capital assets, consideration has been given to the future economic and service benefits expected from the use of the assets.

When there is not sufficient information to estimate the historical cost and accumulated amortization of fully amortized assets, the assets are recorded at an initial value equal to their residual value, when the residual value is material and estimable or at nominal value.

The cost of a tangible capital asset includes all cost directly attributed to the acquisition, construction, development or betterment of the tangible capital asset, including installation at the location and in the condition necessary for its intended use (such as the purchase price of the asset and other acquisition costs such as installation costs, design and engineering fees, legal fees, survey costs, site preparation costs, freight charges, transportation insurance costs, and duties).

Costs incurred to enhance the service potential of a tangible capital asset (betterments) are charged to the recorded cost of the related assets. Costs which lengthen the remaining life of the related asset (replacements) are charged to the asset's accumulated amortization account. For the purpose of these financial statements, only betterments and replacements exceeding \$25,000 have been recorded in the accounts.

At the inception of a capital lease, an asset and obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the property's fair value at the beginning of the lease. Assets recorded under capital leases are amortized on a straight-line basis over the useful lives of the assets. All other leases are accounted for as operating leases wherein rental payments are expensed as incurred.

The recorded cost, less the residual value, is amortized over the estimated useful lives of the assets, on a straight-line basis. Tangible capital assets are accounted for and reported as assets on the Statement of Tangible Capital Assets. The annual amortization of the costs of the tangible capital assets is allocated to the functions or major programs of government that employ those assets.

The estimated useful lives of the more common tangible capital assets are:

Land	indefinite
Buildings.....	40 years
Automobiles.....	5 years
EDP equipment and software.....	5-10 years.

Guaranteed Debt

Guaranteed debt represents that debt of municipalities and other local governments, private enterprises and individuals, and debt and minority interests of provincial Crown corporations, which has been explicitly guaranteed or indemnified by the government, under the authority of a statute, as to net principal or redemption provisions. Valuation allowances are made when probable losses can be reasonably estimated.

A valuation allowance provision is established to provide for the probable losses on loan guarantees issued by the government. The amount of the provision is determined by the loss experience of the guarantee program and is sufficient to meet the expected payout of the guarantee to the lender. The provision is recorded as an expense in the year the guarantee is issued and is adjusted as necessary to ensure it equals the expected payout of the guarantee.

Gains and Losses on Tangible Capital Assets

Gains arising from the initial valuation and capitalization of existing tangible capital assets are accounted for as a component of net deficiency in a separate account titled: "Capital Adjustments."

Gains and losses from the disposal of tangible capital assets (being the difference between net disposal proceeds and the net carrying value) are accounted for each year as a component of revenue. Gains and losses on disposal of tangible capital assets are reflected in operating results since the gain or loss is, in substance, an adjustment to amortization previously charged.

Commitments

Commitments represent future obligations of the government for capital contracts and extraordinary program commitments, to the extent of contracts and agreements in place at the year-end.

2. 1996 Change in Accounting Policy

(a) EXPLANATION OF CHANGE

In September 1995, Treasury Board approved a change in accounting policy to proceed to a policy whereby the province will capitalize tangible capital assets. The Province of British Columbia is using a phased-in or "step-by-step" approach to capitalize tangible capital assets, starting with those which can be readily identified and for which estimated or actual values can be easily ascertained. The process of establishing the completeness and reasonableness of the estimates is ongoing.

For fiscal year 1995/96 financial reporting purposes, capitalized tangible capital assets include only those assets which have an estimated useful life of greater than one year, and are as follows:

- (i) development or purchase of mainframe and/or mini hardware and software computer systems with a cost of \$100,000 or more
- (ii) land for which historical cost or a reasonable estimate of historical cost could be obtained
- (iii) vehicles regardless of cost
- (iv) buildings with a cost of \$50,000 or more
- (v) work-in-progress on tangible capital assets listed above.

Existing tangible capital assets excluded from recognition in the current reporting year include: heritage assets, highways and highway infrastructure, fresh water ferries and landings, tugs and barges, marine railways and dry docks, heavy machinery and equipment, dams and water management systems, forestry roads, office furniture and equipment, personal computers and peripheral hardware, buildings under \$50,000, mainframe and mini computer systems under \$100,000, betterments and replacements under \$25,000, work-in-progress with an estimated end cost of less than \$100,000 and acquired land for which a historical value could not be reasonably estimated.

In these financial statements, figures using this new policy have been prepared and disclosed under the "expense basis" column. Figures have also been prepared in accordance with the accounting policies in effect in prior years ("expenditure basis") for the year ended March 31, 1996 with comparative figures on the same basis for the year ended March 31, 1995.

In previous years, the expenditure basis of accounting required that all tangible capital assets be recorded as expenditures in the year the assets were received. Consistent with the reporting of tangible capital assets as expenditures, highways, bridges, wharves, ferries and ferry landings, buildings, office equipment, furniture, automobiles, land titles which could not be explicitly confirmed and Crown land comprised of parks, forests and all other publicly held land by the province, not including property under development, were recorded at a nominal value of \$1.

In order to implement this change in policy, gains arising from the initial valuation and capitalization of the existing tangible capital assets are accounted for as a component of accumulated equity, in a separate account titled: "Capital Adjustments." For 1996 fiscal year-end, the amount is \$852 million and represents the value of tangible capital assets on hand at April 1, 1995. This consists of the following:

	In Millions \$
Land	702
Buildings (\$50,000 and over) net of amortization	46
Mainframe and mini computer systems (\$100,000 and over) net of amortization	52
Vehicles net of amortization	34
Work-in-progress on computer hardware/software	18

In addition, purchases within the 1996 fiscal year and included in the expenditure totals of the appropriations have been capitalized. For fiscal 1996 the amount was \$46 million.

As the cost of the asset was fully written off in the year of acquisition, there was no subsequent amortization charge to the ministry for the on-going use of the asset. With the implementation of this change in policy, amortization expense will be added to the total expenses of the province. For fiscal 1996 this amount was \$24 million.

As amortization amounts do not represent an expenditure of funds, they will not be charged to a voted appropriation of each ministry but rather incorporated into their total expenses (as was previously the practice for valuation allowances). As purchases of assets require an expenditure they will be included in the appropriation spending, but removed for calculating the total expenses. This allows for proper comparison of authorized spending by the Legislature to actual expenditures while still providing appropriate information on the actual expenses incurred by the ministry. The effect of this change within each ministry can be ascertained by examining the detailed "Ministerial Appropriations" commencing on page C20 of the Supplementary Schedules to the Financial Statements section in this Volume. The summary of these amounts is contained on page B33.

(b) DIFFERENCE BETWEEN EXPENSE AND EXPENDITURE BASIS

The annual Estimates and Budget of the government for fiscal 1995/96 were prepared on the expenditure basis. In order to present a full comparison to those documents these statements were prepared so as to present the current year and prior year actual numbers on the expenditure basis. The expense basis is provided for only the current fiscal year. Presenting financial statements on both bases provides a simple comparison of the results of the two accounting methods.

The difference between expense and expenditure basis as defined for these statements relates solely to the treatment of tangible capital assets. On the expenditure basis tangible capital assets are expensed as acquired and do not appear as a part of the assets on the Statement of Financial Position. Current year operating costs would therefore include only the costs of current year acquisitions.

The expense basis requires that we record the acquisition of such assets on the Statement of Financial Position and the cost is amortized on the Statement of Operations over the useful life of the assets. (See the Tangible Capital Asset policy in Note 1.)

¹The audited financial statements of each pension fund listed may be found in the Trust Funds Financial Statements section of the Public Accounts.

²The initial unfunded pension liability of \$445 million was based on an actuarial valuation of the Public Service Pension Plan for March 31, 1990, plus an estimated amount for Members of the Legislative Assembly Superannuation Account. As a result of a new actuarial valuation of the Public Service Pension Plan done for March 31, 1993, the outstanding liability was estimated at \$146 million, a decrease of \$299 million. The reduction of the estimated liability results from pension fund gains and changes in actuarial assumptions. The estimation adjustment is being amortized over the expected average remaining service life of the related employee group (12 years). As a result of this adjustment, expenditures are reduced by \$25 million (1995: \$25 million). The unamortized portion of the estimation adjustment as at March 31, 1996 is \$224 million (March 31, 1995: \$249 million). This liability is obtained from actuarial valuations completed every three years; no interim estimate is prepared.

³An actuarial valuation is performed of the College Pension Plan every three years. The latest valuation was made as of August 31, 1994. The 1994 valuation disclosed net assets of \$441.9 million (1991: \$288.9 million) and liabilities of \$410.0 million (1991: \$283.0 million), resulting in a net surplus of \$31.9 million (1991: \$5.9 million).

⁴This amount is a prorated portion (70%) of the total Municipal Superannuation Plan liability of \$1.06 billion. The amount recognized by the Province of British Columbia represents the portion of active plan membership made up of schools, colleges and health care employees. An actuarial valuation is performed on the Municipal Superannuation Plan every three years. The latest valuation was made as of December 31, 1994. At that valuation, net assets were \$5.5 billion (1991: \$4.2 billion), and liabilities for accrued pension benefits were \$6.6 billion (1991: \$5.2 billion), with a net deficiency of \$1.1 billion (1991: \$1.1 billion).

⁵An actuarial valuation is performed on the Teachers' Pension Plan every three years. The latest valuation was made as of December 31, 1993. At that valuation, net assets were \$3.93 billion, liabilities for accrued pension benefits were \$5.71 billion, resulting in a net deficiency of \$1.78 billion (1990: \$1.88 billion).

Promissory notes outstanding at March 31, 1996, mature at various dates to March 6, 1997 at a weighted average interest rate of 5.48%. During the year, \$10.4 billion in notes were issued at interest rates which varied between 4.67% and 8.30%.

The province had 128 issues of notes, bonds and debentures outstanding at March 31, 1996.

Included in notes, bonds and debentures are Canada Pension Plan debentures totalling \$2.0 billion at March 31, 1996 at a weighted average interest rate of 10.49%. They mature at various dates from November 10, 2003 to July 10, 2012, with interest rates varying between 9.04% and 14.06%. These debentures are redeemable in whole or in part before maturity, on six months' prior notice, at the option of the Minister of Finance of Canada, subject to certain restrictions. During the year, no Canada Pension Plan debentures were issued. Under the Canada Pension Plan legislation, any significant amendment to benefits or contributions requires the approval of the legislature of two-thirds of the provinces. When Canada Pension Plan contributions exceed benefits, these excess funds are loaned to the provinces in proportion by residents of the respective provinces.

Balances include U.S. dollar short term promissory notes totalling \$763.0 million (1995: \$978.1 million) of which \$197.4 million (1995: \$411.2 million) have been fully hedged to \$269.6 million Canadian (1995: \$580.9 million Canadian). Unhedged U.S. dollar short term promissory notes were \$565.6 million (1995: \$566.9 million) at year-end. These are translated at the exchange rate prevailing at the year-end.

Balances outstanding in Japanese yen totalling 83.4 billion yen (1995: 86.9 billion yen) have been fully hedged to \$1.2 billion Canadian (1995: \$1.2 billion Canadian) through currency exchange agreements of which 23.9 billion yen (1995: 23.9 billion yen) were first hedged to \$241.6 million U.S. (1995: \$241.6 million U.S.), then hedged to \$334 million Canadian (1995: \$334 million Canadian). Balances outstanding also include U.S. dollar debentures totalling \$924.5 million (1995: \$350 million) of which \$144.5 million (1995: \$70 million) have been fully hedged to \$189.7 million Canadian (1995: \$89.6 million Canadian) through currency exchange agreements. Unhedged U.S. dollar debentures were \$780.0 million (1995: \$280.0 million) at year-end. Unhedged U.S. dollar debentures are translated to Canadian dollars at the exchange rate prevailing at the year-end. Balances outstanding in Canadian dollars include \$100.0 million (1995: \$300.0 million) which have been hedged to \$70.8 million U.S. (1995: \$215.8 million U.S.). These balances were translated at the exchange rate prevailing at year-end.

Subsequent to March 31, 1996, outstanding issues totalling \$378.5 million were defeased.

25. Contingencies and Commitments

(a) GUARANTEED DEBT

Guaranteed debt as at March 31, 1996 totalled \$2,683 million (1995: \$3,817 million). See Statement of Guaranteed Debt on B35 for details.

(b) CONTINGENT LIABILITIES

(i) Litigation and Other Claims

The government is a defendant in legal actions and is involved in matters such as expropriation compensation disputes and tax assessment appeals. These matters may give rise to future liabilities.

These potential liabilities are accrued when it is likely that a liability exists and the amount of the liability can be reasonably estimated on an individual or portfolio basis (see Note 3—Other accrued estimated liabilities).

The government has contingent liabilities in respect of the following summary of matters where the estimated or known claim is or exceeds \$100,000 and is net of accrued amounts:

- claims of \$78 million regarding licensing disputes
- claims of \$43 million in expropriation disputes
- claims of \$21 million regarding motor vehicle accidents
- claims of \$20 million regarding tax disputes
- claims of \$20 million in contract disputes
- claims of \$15 million regarding negligent design, construction or maintenance of roads
- claims of \$41 million regarding damages to persons or property and other miscellaneous matters.

The Government of British Columbia and Alcan Aluminum Ltd have not yet reached a settlement on the outstanding issues relating to cancellation of the Kemano Completion Project in January 1995. Talks between Alcan and the government are still in progress.

(ii) Other Contingent Liabilities

The government also has contingent liabilities in the form of indemnities, indirect guarantees and outstanding claims. Where indemnities are for explicit quantifiable loans, the amounts are included in the Statement of Guaranteed Debt.

Under the *Criminal Injury Compensation Act*, the government is responsible for providing compensation to victims of crime in British Columbia, for offenses described in the Act. A liability of \$74 million (1995: \$72 million) has been accrued based on the estimated cost of periodic future payments for claims.

The government operates and indemnifies pre-funded self-insurance programs to cover claims against public school districts and colleges, hospitals and other health care agencies, and certain social service providers. A liability of \$31 million (1995: \$28 million) has been accrued based on the estimated ultimate cost of settling any outstanding claims.

Under current pension agreements, the government is responsible for payment of pensioners' Medical Services Plan and Extended Health Care premiums, which are recorded when due.

(iii) Aboriginal Land Claims

The absence of treaties in British Columbia has resulted in a number of outstanding aboriginal land claims across the province. Some of these claims have resulted in litigation but most are being negotiated. The province's position on these claims is that, although the province recognizes aboriginal rights, including the inherent right of aboriginal people to self-government, the precise location, scope, and content of these rights should be established not through litigation but by means of tripartite negotiations involving the federal and provincial governments and aboriginal groups. The province anticipates that these negotiations will result in modern-day treaties defining the boundaries and nature of First Nations treaty settlement lands and rights and ensure a more stable environment for resource development in British Columbia.

Notes to Consolidated Revenue Fund Financial Statements for the Fiscal Year Ended March 31, 1996—Continued

25. Contingencies and Commitments—Continued

The British Columbia Treaty Commission monitors the progress of treaty negotiations in British Columbia under a six stage negotiation process. The Treaty Commission began operating in December 1993. As of March 31, 1996, it had accepted 46 statements of intent to negotiate treaties from First Nations. Ten of the 46 First Nations were in the Agreement in Principle stage of negotiations and 22 were in the Framework Agreement stage. The remaining 14 are in the Preparation stage.

On March 22, 1996, the provincial and federal governments reached an Agreement in Principle (AIP) with the Nisga'a in northwestern British Columbia. If a final agreement is negotiated which contains the same provisions as the AIP, the Nisga'a would receive \$14.5 million from the province over a period of years. An estimate of third party compensation is not available at this time. Final negotiations to reach a settlement will commence after public input has been obtained. A final agreement is subject to ratification by the Nisga'a, the federal and provincial governments.

There are, currently, several major cases involving Aboriginal Rights before the Supreme Court of Canada.

The most important of these is of *Delgamuukw v. Her Majesty the Queen in Right of British Columbia and Attorney General of Canada*. The B.C. Court of Appeal held in this case that the Gitksan and Wet'suwet'en hold unextinguished, non-exclusive aboriginal rights over a large area in northern British Columbia. The B.C. Court of Appeal however, dismissed the claim of the appellants for damages and for a declaration that they owned and have jurisdiction over the area in question. Attempted negotiations to resolve these matters have been suspended and the case is therefore proceeding to hearing before the Supreme Court of Canada. The matter has been set down for hearing from June 9 to June 13, 1997.

Also, the Supreme Court of Canada, in November 1995, heard several cases involving the nature and scope of the aboriginal right to fish. Specifically, the Court will be dealing with whether or not that right includes a commercial component. The decision of the Court in these cases is expected before the end of 1996.

There are two cases currently before the Supreme Court of British Columbia in which aboriginal groups are claiming aboriginal rights on privately owned land. They are *Burns Lake Indian Band v. Brenda Fountain* and *Hunt v. Halcan Logging Services Ltd.* The province is involved in this litigation. No dates for trial have yet been set.

Another important case scheduled to be heard by the Supreme Court of British Columbia in June 1997, is *McLeod Lake Band v. Her Majesty the Queen*. In this case, the McLeod Lake Band is claiming that it comes within the boundary of Treaty 8 and that the province is obligated to provide, to the federal government, land pursuant to the formula established in Treaty 8.

(c) COMMITMENTS

The government has ongoing operational commitments to fund a variety of programs for public welfare including health, education, social services, protection of persons and properties, and management of natural resources. In addition, the government normally contracts out construction or maintenance of its roads, bridges and buildings. All these ongoing operational commitments are detailed in the Estimates published yearly and are not repeated in this note. Any significant non-operating commitments (less than five years duration costing more than \$50 million) and their completion costs are detailed in this note.

In accordance with an Agreement signed July 27, 1995, the province will invest \$50,000,000 annually, for ten years, beginning the 1996/97 fiscal year, with the Columbia Power Corporation (the Corporation) and the Columbia Basin Trust (the Trust), for equity investment in power projects. The disbursement of the funds is controlled by Treasury Board through approval of individual project budgets and joint venture agreements. The payments in the first five years will be made to the Corporation and the payments in the second five years will be made to the Trust, except that the Trust will also receive a payment in the fifth year equal to one-half the book value of the hydro-electric expansion rights, and the payment to the Corporation in the fifth year will be reduced by an equal amount. At March 31, 1996, the book value of the expansion rights was \$51,850,000.

On October 15, 1993, the government declared part of the Tatshenshini/Alsek region a class "A" provincial park. On August 18, 1995, the government, the registered and beneficial owner of claims in that area (Geddes Resources Limited) and Royal Oak Mines Inc, signed a Heads of Agreement. The agreement provides for compensation for lost mineral claims of \$38 million which have been recorded as a liability and a conditional economic development grant (maximum \$128 million over 14 years) for development of a mine at another site. The economic development component is contingent on the corporation's fulfilling requirements in the development of a mine and will be recorded as a liability when the relevant conditions are met.

Trust funds include amounts held and administered in trust, over which the government has no power of appropriation. Cash and investments of the trust funds are managed or held by the Provincial Treasury.

¹See the Trust Funds Financial Statements section of the Public Accounts for the latest audited financial statements of superannuation and pension funds, the Workers' Compensation Board of British Columbia and most entities whose sinking funds are administered by the Provincial Treasury.

²This amount includes the Workers' Compensation Board Superannuation Plan fund balance of \$339 million, as at March 31, 1996. The Superannuation Commission assumed the direct administration of this fund as of November 24, 1995, thus no comparative figures have been included for the 1994/95 fiscal year.

³The amounts for six of the superannuation and pension funds totalling \$16.4 billion (1995: \$13.9 billion) and for the Workers' Compensation Board of British Columbia (excluding the Workers' Compensation Board Superannuation Plan), have been taken from these funds' latest audited financial statements which have a different fiscal year-end than these financial statements.

⁴Defeased Trust Funds of \$879 million (1995: \$997 million) represent investments set aside to repay outstanding term debts with a par value of \$837 million (1995: \$955 million) and related interest payments. Accrued interest payable on term debts at March 31, 1996 totals \$22 million (1995: \$25 million). These defeased debts have been removed from the balance sheet of government organizations and enterprises and are considered extinguished for financial reporting purposes.

Personal and corporation income tax revenues are recorded after adjustment for tax credits. Personal income tax was reduced by \$89 million (1995: \$80 million) and corporation income tax was reduced by \$29 million (1995: \$11 million). The types of tax credits adjusting personal and corporation income tax revenues are for foreign taxes, logging taxes, venture capital, political contributions, low income rent reductions, low income tax rebates and royalty tax rebates. Additional personal and corporation income tax refunds are issued under the *International Financial Business (Tax Refund) Act*. Corporation income tax refunds were \$1.5 million (1995: \$3.4 million) and personal income tax refunds were \$0.3 million (1995: \$0.4 million).

Property-residential (school purpose) revenue is net of home owner grants of \$438 million (1995: \$417 million).

¹Net outstanding guaranteed debt includes gross principal debt less sinking fund balances, and represents the total amount of contingent liability of the government arising from relevant guarantees. Amounts payable in foreign currency are translated into Canadian dollars at the rate of exchange prevailing at the fiscal year-end.

²See the financial statements of government organizations and enterprises for details of maturity dates, interest rates and redemption features of the outstanding debt of these Crown agencies and for details of derivative financial products.

³The government is directly responsible for paying 62.14% to 100.00% of debt service costs for health and education debt through various grant formulas. In 1995/96, the contributions totalled approximately \$478 million (1995: \$442 million) or 83.28% (1995: 83.05%) of debt service costs.

⁴The British Columbia Second Mortgage Program was sold to the Bank of Montreal in June 1989, with the condition that the province will buy back any mortgages which may become uncollectible in future years.

⁵As a result of government financing and investment policies, \$877 million (1995: \$858 million) of guaranteed debt is held by trust funds actively managed by the government.

⁶The government has unconditionally guaranteed the payment of principal and interest for \$3,025 million (1995: \$3,242 million) of debentures issued to the Canada Pension Plan Investment Fund. Debentures totalling \$2,379 million (1995: \$2,490 million) are included in net guaranteed debt and \$646 million (1995: \$752 million) have been defeased and are considered extinguished for financial reporting purposes.

SHORT-TERM PROMISSORY NOTES

Short-term promissory notes are short-term financial obligations issued by the Province of British Columbia to pay a sum of money on a given date. Short-term promissory notes are issued under the authority of the *Financial Administration Act* and an Order of the Lieutenant Governor in Council.

Short-term promissory notes (the "Notes") have the following characteristics:

- the principal amount of Notes outstanding at any time, for the purpose of the Province of British Columbia, may not exceed \$1.8 billion in Canadian funds
- the Notes may be issued in bearer or registered form and may be either interest bearing with principal and interest payable at maturity, or be issued at a discount to mature at the principal amount
- the Notes mature in 365 days or less.

TREASURY BILLS

The Treasury Bills Program was terminated in fiscal 1994/95.

¹ Issued under and pursuant to the *Financial Administration Act* (S.B.C. 1981, chapter 15) as amended and an Order of the Lieutenant Governor in Council of the Province of British Columbia.

² Balances outstanding in Japanese yen totalling 30.5 billion yen (1995: 30.5 billion yen) have been fully hedged to \$402.6 million Canadian (1995: \$402.6 million Canadian) through currency exchange agreements of which 18.6 billion yen (1995: 18.6 billion) were first hedged to \$187.9 million U.S. (1995: \$187.9 million U.S.), then to \$259.4 million Canadian (1995: \$259.4 million Canadian). Balances outstanding include U.S. dollar debentures totalling \$978.6 million (1995: \$753.6 million) of which \$325.5 million (1995: \$200.0 million) have been fully hedged to \$422.7 million Canadian (1995: \$245.8 million Canadian) through currency exchange agreements existing at year-end. Unhedged U.S. dollar debentures were \$653.1 million (1995: \$553.6 million) at year-end. These are translated to Canadian dollars at the exchange rate prevailing at year-end. Balances outstanding also include Canadian dollar debentures totalling \$200 million (1995: nil) which have been hedged to \$145 million U.S. (1995: nil) through a currency exchange agreement.

SHORT-TERM PROMISSORY NOTES

Short-term promissory notes are short-term financial obligations issued by the Province of British Columbia to pay a sum of money on a given date. Short-term promissory notes are issued under the authority of the *Financial Administration Act* and an Order of the Lieutenant Governor in Council.

Short-term promissory notes (the "Notes") have the following characteristics:

- the principal amount of Notes outstanding at any time, for the purpose of the Province of British Columbia, may not exceed \$4.8 billion in Canadian funds
- the Notes may be issued in bearer or registered form and may be either interest bearing with principal and interest payable at maturity, or be issued at a discount to mature at the principal amount
- the Notes mature in 365 days or less.

¹Issued under and pursuant to the *Financial Administration Act*, (S.B.C. 1981 Chapter 15) as amended and an Order of the Lieutenant Governor in Council of the Province of British Columbia.

²Balances include U.S. dollar short-term promissory notes totalling \$763.0 million (1995: \$978.1 million) of which \$197.4 million (1995: \$411.2 million) have been fully hedged to \$269.6 million Canadian (1995: \$580.9 million Canadian). Unhedged U.S. dollar short-term promissory notes were \$565.6 million (1995: \$566.9 million) at year-end. These are translated at the exchange rate prevailing at the year-end.

³Included in notes, bonds and debentures are Canada Pension Plan debentures totalling \$2.0 billion at March 31, 1996 at a weighted average interest rate of 10.49%. They mature at various dates from November 10, 2003 to July 10, 2012, with interest rates varying between 9.04% and 14.06%. These debentures are redeemable in whole or in part before maturity, on six months' prior notice, at the option of the Minister of Finance of Canada, subject to certain restrictions. During the year, no Canada Pension Plan debentures were issued. Under the Canada Pension Plan legislation, any significant amendments to benefits or contributions requires the approval of the legislature of two-thirds of the provinces. When Canada Pension Plan contributions exceed benefits, these excess funds are loaned to the provinces in proportion to residents of the respective provinces.

Balances outstanding in Japanese yen totalling 83.4 billion yen (1995: 86.9 billion yen) have been fully hedged to \$1.2 billion Canadian (1995: \$1.2 billion Canadian) through currency exchange agreements of which 23.9 billion yen (1995: 23.9 billion yen) were first hedged to \$241.6 million U.S. (1995: \$241.6 million U.S.), then hedged to \$334.0 million Canadian (1995: \$334.0 million Canadian). Balances outstanding also include U.S. dollar debentures totalling \$924.5 million (1995: \$350.0 million) of which \$144.5 million (1995: \$70 million) have been fully hedged to \$189.7 million Canadian (1995: \$89.6 million Canadian) through currency exchange agreements. Unhedged U.S. dollar debentures were \$780.0 million (1995: \$280.0 million) at year-end. Unhedged U.S. dollar debentures are translated to Canadian dollars at the exchange rate prevailing at the year-end. Balances outstanding in Canadian dollars include \$100.0 million (1995: \$300.0 million) which have been hedged to \$70.8 million U.S. (1995: \$215.8 million U.S.). These balances were translated at the exchange rate prevailing at year-end.

Subsequent to March 31, 1996, outstanding issues totalling \$378.5 million were defeased.

Only the reorganizations that took place during the fiscal year and before February 28, 1996 are reflected in the Ministerial Appropriations. Due to the late date of the February 28, 1996 reorganization, it was felt that including this reorganization in the statements would serve no purpose; therefore, the Ministerial Appropriations are shown as if this hadn't taken place. This schedule shows the budget transfers for all reorganizations for the fiscal year.

Descriptions of Appropriations

Legislation

Vote 1—Legislation

This vote provides for the operation of the Legislative Assembly and its committees, including indemnities, allowances and salaries for Members of the Legislative Assembly, officials and staff, and for support services and other related costs. The funds allocated for the Offices of the Opposition Leaders are provided for the general operations and support functions of those offices. A grant is provided for membership in the Commonwealth Parliamentary Association. Operating costs of the Parliamentary Dining Room are partly recovered from ministries, organizations and individuals.

Auditor General

Vote 2—Auditor General

This vote provides for the operation of the Office of the Auditor General in meeting the requirements of the *Auditor General Act*, including examination of the accounts and records of the government, issuance of audit reports on the government's financial statements, submission of an annual report, and other reports, to the Legislative Assembly on the work of the Office, and auditing a number of Crown corporations and other public bodies. Provision is made for a grant to the Canadian Comprehensive Auditing Foundation. Costs incurred for certain audits are recovered.

Office of the Child Advocate

Vote 3—Office of the Child Advocate

This vote provides for the operation of the Office of the Child Advocate. The Advocate is an officer of the Legislature with a mandate defined under the *Child, Youth and Family Advocacy Act*.

Commission on Resources and Environment

Vote 4—Commission on Resources and Environment

This vote provides for the salaries of the Commissioner on Resources and Environment and staff and other expenses incurred by the Office of the Commissioner. The Commissioner's mandate is to independently and publicly advise Cabinet on legislation, policy and allocation decisions related to land use issues and processes in the province. Funding is provided to carry out activities consistent with the *Commissioner on Resources and Environment Act* including development of a British Columbia-wide strategy for land use and related resource and environmental management and development, implementation and monitoring of land use planning processes and dispute resolution systems for land use issues. Provision is also made for contributions to accepted participants in the planning processes who would be unable to participate without financial assistance.

Conflict of Interest Commissioner

Vote 5—Conflict of Interest Commissioner

This vote provides for the salary of the Conflict of Interest Commissioner and the costs incurred by the Office of the Conflict of Interest Commissioner in meeting the requirements of the *Members' Conflict of Interest Act*.

Information and Privacy Commissioner

Vote 6—Information and Privacy Commissioner

This vote provides for the salary of the Information and Privacy Commissioner and staff and other expenses incurred by the Office of the Commissioner to fulfil the mandate set out in the *Freedom of Information and Protection of Privacy Act*, (FOIPPA). The Commissioner has a broad mandate to protect the rights given to the public under FOIPPA. This includes conducting reviews of access to information requests, investigating complaints, monitoring general compliance with the Act, and promoting freedom of information and protection of privacy principles. Provision is also made for grants/contributions to accepted organizations to inform the public about the Act. Costs related to the Annual Freedom of Information and Protection of Privacy Conference are fully recovered.

Ombudsman

Vote 7—Ombudsman

This vote provides for the operation of the Office of the Ombudsman. The Ombudsman is an officer of the Legislature with a mandate under the *Ombudsman Act* to accept complaints and independently investigate actions and decisions of government ministries and agencies such as Crown corporations, schools, colleges, universities, hospitals and governing bodies of professional and occupational associations.

Office of the Premier and Cabinet Office

Vote 8—Office of the Premier and Cabinet Office

This vote provides for the Office of the Premier and Cabinet Office including:

(a) OFFICE OF THE PREMIER

This sub-vote provides for salaries, benefits, allowances and operating expenses for the Premier and the executive staff of the Office.

(b) CABINET OFFICE

This sub-vote provides for support for the Executive Council, including Cabinet and government administration, management of cross government issues, and management of policy relating to federal, provincial and international relations, including administration of British Columbia House, Ottawa. This sub-vote also provides for personnel, financial and administrative support to both the Office of the Premier and Cabinet Office.

Vote 9—British Columbia Trade Development Corporation

This vote provides for the annual contribution to the British Columbia Trade Development Corporation for operating costs. The corporation's mandate is to work with provincial companies to expand exports by increasing their trade expertise and assisting in development of export strategies including strategies to develop new markets and expand existing markets. The corporation also works to expand trade-related services and infrastructure, promote policies which enhance international trade, and develop relationships with potential trading partners to encourage future exports. Services provided by the corporation include: trade intelligence; export promotion assistance; export loan guarantees for working capital; performance bonds or bid bonds for export orders; equity investments through the BC Export Investment Fund; strategic partnering advice; and organization of international trade missions.

Statutory Account

Financial Administration Act Sec. 58 Indemnities

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 58(1)).

Aboriginal Affairs

Vote 10—Minister's Office

This vote provides for the Office of the Minister of Aboriginal Affairs, and includes the salaries of the minister, the minister's staff and related office expenses.

Vote 11—Ministry Operations

This vote provides for ministry programs and activities including:

(a) ABORIGINAL AFFAIRS PROGRAMS

This sub-vote provides for policy and mandate development; inter-ministry program and policy coordination; and liaison and consultation on pre-treaty matters and other aboriginal and claim issues with First Nations, the federal government, third party advisory groups and others. This sub-vote also provides for: financial and administrative, human resource and information management support to the ministry, communications and public consultation; administration of the First Citizens' Fund Special Account and support to the First Nations' advisory committees and boards. Grants and contributions are provided to various First Nations and organizations for: heritage, language and cultural programs, aboriginal community development, pre-treaty consultation and negotiation, interim measures, joint stewardship initiatives and to support government to government policy forums. Recoveries are received from the federal government for costs incurred pursuant to federal/provincial agreements.

(b) TREATY NEGOTIATIONS

This sub-vote provides for the coordination and management of the province's participation in negotiating treaties with First Nations and the federal government. Provision is made for contributions to the British Columbia Treaty Commission to fund operations and various tripartite initiatives and to provide support for First Nations and others in respect of their participation in the treaty process and in the settlement of claims.

Statutory Account

Special Account

First Citizens' Fund

This account was originally created as a fund under the *Revenue Surplus Appropriation Act*, 1969, was continued under the *Funds Control Act*, 1979, and was changed to a Special Account under the *Special Accounts Appropriation and Control Act*, 1988.

The account promotes the economic, social and cultural well being of members of First Nations who are residents of British Columbia, by providing financial assistance through loan guarantees, grants and contributions. Interest attributable to the account balance is credited to the account as revenue. Expenditures consist of grants and contributions in support of student bursaries, native friendship centre operations and economic development programs. The account also provides funds for administrative costs of certain social and economic development programs.

No financing transactions are provided for under this account.

Agriculture, Fisheries and Food

Vote 12—Minister's Office

This vote provides for the Office of the Minister of Agriculture, Fisheries and Food, and includes the salaries of the minister, the minister's staff and related office expenses.

Vote 13—Ministry Operations

This vote provides for operations and programs of the ministry, including:

(a) ADMINISTRATION AND SUPPORT SERVICES

This sub-vote provides for executive direction of the ministry and administrative support services including financial, personnel, communications, information systems and program audit. This sub-vote also provides for policy development, program planning, economic and statistical analysis, and information programs.

(b) FINANCIAL PROGRAMS

This sub-vote provides for Crop Insurance, Farm Income Insurance, Net Income Stabilization Account, and includes transfers to the Revenue Protection Plan Trust Account. This sub-vote provides for the administration of the Agricultural Land Development Special Account; Feeder Associations Loan Guarantee Program, credit programs under the *Agriculture Credit Act*, *Financial Administration Act* and *Okanagan Valley Tree Fruit Authority Act*; federal/provincial industry development, environmental management and business management agreements; and industry trusts. Contributions to agriculture, food, aquaculture and fisheries business organizations; and contributions in support of agriculture, food and resource development, and federal/provincial initiatives are provided by this sub-vote. Recoveries are also received from the federal government for joint federal/provincial industry development, environmental management, and business management initiatives, and from the Okanagan Valley Tree Fruit Authority for administration of credit programs on their behalf, and a portion of administration costs is recovered from the federal government under the Revenue Protection Plan for grains and oilseeds and Crop Insurance programs.

(c) FISHERIES AND FOOD

This sub-vote provides for the aquaculture, commercial fisheries and agri-food programs. This includes: administration of parts of the *Fisheries Act* and *Fish Inspection Act*; technical review of applications for tenure and licences; extension services to the aquaculture industry; and research and development projects related to shellfish, marine plants and finfish farming. This sub-vote also provides for: licensing and enforcement of regulations pertaining to fish buyers, vendors and aquaculture operators; the development of policies and programs with respect to aboriginal issues, including involvement of First Nations in resource management; grants and contributions in support of the aquaculture and commercial fish industries; funding and technical assistance for the handling, processing and marketing of seafood products; and resource use and environmental impact studies. This sub-vote also provides for operating costs of the Trade Competition and Food Industry Development programs, including development of policies and strategies to enhance the competitiveness of British Columbia agri-food industries, and programs to expand sales and utilization of British Columbia food products in the provincial market. Contributions are provided to agri-food production, processing and distribution organizations to enhance their competitiveness. Funds are recovered from the Liquor Distribution Branch and used for the Quality Wine and Grape Development Program.

(d) AGRICULTURE

This sub-vote provides for agricultural extension, development, specialist, regulatory and market development programs including:

- (i) *Agriculture Development and Extension Services*—in partnership with agriculture organizations, farm families and industry, provides advice and information on marketing, production technology and research to the agri-food industry through seminars, workshops and field days; technical information dissemination to producers; milk, soil, feed and tissue testing; water analysis; the animal health centre; and the provincial 4-H, game farming, horse industry and farm management programs;
- (ii) *Natural Resource Management*—provides services and programs to initiate and coordinate province-wide land and water policies regarding soil management, waste management and water allocation and conservation; and includes transfers to the Grazing Enhancement Fund Special Account;
- (iii) *Inspection*—provides for animal health, brand, dairy farm, apiary and crop inspections;

administration services and for the province's multicultural and immigration programs and operation of the British Columbia Council of Human Rights. Functions related to these programs and initiatives include:

(a) ADMINISTRATION AND SUPPORT SERVICES

This sub-vote provides for executive direction, communications, personnel, finance, systems, vehicles and accommodation. Grants and contributions are provided for activities concerned with use, protection and management of the environment, Crown land, provincial parks and ecological reserves.

(b) POLICY, PLANNING AND LEGISLATION

This sub-vote provides for: coordination for development of corporate policy, legislation and reporting; ministry strategic planning; addressing intergovernmental and aboriginal issues; provincial environmental review processes; administering the delivery of environmental enforcement and emergencies programs; and economic analysis and program evaluation. Contributions are provided to aboriginal organizations for program related work.

(c) B.C. ENVIRONMENT

This sub-vote provides for fisheries, wildlife and habitat protection programs. These programs support management, protection, and enhancement of fauna resources and habitat, protection of biodiversity, and securement of key wildlife habitat through administration of the *Fisheries Act (Canada)*, *Wildlife Act*, *Migratory Birds Convention Act*, *Firearms Act*, *Wild Animal and Plant Protection Act (Canada)* and *Game Export Act (Canada)*, and integrated management of water, soils and natural ecosystems. Contributions are provided to organizations concerned with the protection, management, and use of fish and wildlife resources and habitat. This sub-vote also provides for Environment Regional Operations including administration and delivery of programs in regional, sub-regional and district offices throughout the province. Contributions are provided to organizations concerned with protection, management and use of the environment, and to local governments to share costs of aquatic weed control. Funds expended on some programs and publications are partly or wholly recovered from other governments, other provincial ministries, the Sustainable Environment Fund special account, the British Columbia Hydro and Power Authority and other Crown corporations, the Skagit Environmental Endowment Commission, local government, and other organizations and individuals.

(d) LANDS AND WATER MANAGEMENT

This sub-vote provides for: managing Crown land through administration of the *Land Act*, *Land Titles Act*, *Land Survey Act*, and *Land Surveyors Act*; appraisal, acquisition, exchange and valuation services; provincial cadastral survey and maintaining the Crown land registry; support to treaty and pre-treaty negotiations with First Nations; managing land-related information, including the Terrain Resources Information Management Program, and distribution of map and air photos; managing, allocation and tenuring of Crown land, administering free Crown grants and marketing or reserving Crown land for specific purposes. Recoveries are received through mapping contracts with, and map, air photo and digital information sales to, foreign governments, the federal and local governments, other ministries and the private sector. This sub-vote also provides for management of water, including the occurrence of surface and groundwater resources, allocation of surface water, regulation of privately owned water utilities, river flow forecasting and floodplain mapping through administration of the *Water Act*, *Water Utility Act*, *Dyke Maintenance Act*, and *Drainage, Ditch and Dyke Act*. In addition, the ministry has approval responsibilities under the *Utilities Commission Act*, *Land Title Act*, *Condominium Act* regulations and *Municipal Act*. Water related recoveries are received from the federal government and Crown corporations, B.C. Hydro and Power Authority, other ministries, organizations and individuals.

(e) B.C. PARKS

This sub-vote provides for management, operation and development of the provincial park and ecological reserve systems and coordination of outdoor recreation opportunities including the Canadian and Provincial Heritage Rivers Program through administration of the *Park Act*, *Ecological Reserve Act*, *Park Regional Act* and *Commercial River Rafting Safety Act*. Contributions are provided to non-profit organizations for outdoor recreation, education and safety programs. Funds generated from parks producing net revenue are used to partially fund the operating costs of other parks. Funds expended on some programs are partly or wholly recovered from the British Columbia Hydro and Power Authority, the Skagit Environmental Endowment Commission, other ministries, organizations and individuals.

(f) ENVIRONMENTAL PROTECTION AND RENEWAL

This sub-vote provides for transfers of funds to the Sustainable Environment Fund special account for pollution prevention and waste minimization.

(g) MULTICULTURALISM AND IMMIGRATION

This sub-vote provides for the development and delivery of policy and programs with respect to multiculturalism and immigration. Grants and contributions are provided for the delivery of programs including a settlement grants program, programs to assist and coordinate multicultural initiatives in the community, and initiatives to attract and secure business immigrant investment. Some immigrant investor program costs are partially recovered through user fees.

Special Accounts

Crown Land

This account was originally created as a fund by authority of section 7 of the *Department of Housing Act*, 1973, was replaced by the Crown Land Fund effective July 31, 1979 pursuant to the *Ministry of Lands, Parks and Housing Act*, and was changed to a Special Account under the *Special Appropriations Act*, 1982.

Revenue sources (net of direct costs) include land sales, land tenures, interest income, and fees. Expenditures include non-recoverable disbursements associated with the acquisition, servicing, development and disposition of Crown land; the sale or disposal of assets on Crown land; acquisitions for parkland, ecological reserves and critical fish and wildlife conservation projects; the write-down of uncollectible loans; and the write-down of land inventory values to the lower of cost or net realizable value.

Receipts represent repayment of outstanding loans and deposits made on pending sales. Disbursements reflect recoverable disbursements associated with the acquisition, servicing, development and disposition of Crown land.

Habitat Conservation Fund

This account was originally created by the *Miscellaneous Statutes Amendment Act (No. 2)*, 1981 which amended the *Wildlife Act* to establish a fund for the enhancement of fish and wildlife and their habitat. The fund was changed to a Special Account by the *Special Accounts Appropriation and Control Act*, 1988.

Revenue credited to the account includes surcharges on angling, hunting, guiding and trapping licences, revenues derived from lands administered by the Minister of Environment, Lands and Parks for the benefit of fish and wildlife, interest, bequests, donations, court forced payments and fund raising projects undertaken on behalf of the account. Expenditures are made on projects to enhance fish and wildlife populations, habitat acquisitions, promotional and educational projects and expenses incurred by individuals advising the minister with respect to the account. Contributions are provided to organizations concerned with protection, management and use of the environment. Funds expended on habitat protection projects under the Forest Resources Development Agreement and agreements with the Ministry of Forests are recoverable, as are costs incurred under agreements with the British Columbia Hydro and Power Authority. Recoveries are also received from the federal government and other organizations for conservation projects.

No financing transactions are provided for under this account.

Sustainable Environment Fund

This account was created by the *Sustainable Environment Fund Act*, 1990, and subsequent amendments. It provides for the protection of the air, land and water and for environmental renewal by preventing pollution, controlling pollutants and undertaking remediation activities through administration of the *Waste Management Act*, the *Litter Act*, *Pesticide Control Act*, the *Environment Management Act*, and related regulations.

Revenue is derived from environmental levies, fees, licenses, transfers from Ministry Operations (Vote 31), and contributions from the federal government and other organizations and individuals.

Expenditures provide for the development of policies, legislation and regulations, and standards and criteria for discharges and emissions. Expenditures also provide for monitoring and understanding the receiving environment, education, and encouragement of activities to prevent pollution. Funds are provided for waste reduction, air and water quality, the clean-up of contaminated sites, special waste management, and soil and water remediation projects. Contributions are provided to local governments and other organizations to assist in waste management, clean-up of contaminated sites and to support various environmental protection initiatives.

Recoveries are received for environmental monitoring, laboratory services, sale of documents, publications and forms, and environmental emergency responses. Funds expended on some programs are partly or wholly recovered from the federal government and other organizations.

No financing transactions are provided for under this account.

Valuation Allowance

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 14(1)).

- (iii) executive, financial, administrative, personnel, information systems, and communications support to ministry operations and programs, and to the Public Sector Employers' Council and the Public Service Employee Relations Commission, the Corporate Accounting System and the Insurance and Risk Management Special Account. The cost of information systems and personnel services is partially recovered from other divisions of the ministry, other ministries, organizations and agencies.

(b) TREASURY BOARD STAFF

This sub-vote provides for:

- (i) analysis and advice on fiscal, budgetary, administrative, economic and taxation policy issues;
- (ii) monitoring, analyzing and forecasting of economic activity and the government's fiscal position;
- (iii) production of various financial and economic documents, including the *Estimates* and *Budget*;
- (iv) program reviews of specific programs, to assess effectiveness, efficiency and relevance;
- (v) analysis and advice on improving government performance and accountability; and
- (vi) operation and maintenance of financial and economic models to support decision-making within government.

(c) OFFICE OF THE COMPTROLLER GENERAL

This sub-vote provides for payment, recording, reporting and auditing of government accounts and trust funds; development and implementation of financial administration policies and procedures; and evaluation of accounting and financial management systems throughout government.

Recoveries are received from ministries and Crown corporations for internal audit services.

(d) REVENUE OPERATIONS

This sub-vote provides for administration of:

- (i) taxation statutes which are the responsibility of the Ministry of Finance and Corporate Relations;
- (ii) ministry responsibilities under the *School Act* regarding residential and non-residential school property taxes collected by municipalities on behalf of the province;
- (iii) advances to local governments in respect of property taxes collected on their behalf;
- (iv) the *Land Tax Deferral Act* and related costs; and
- (v) the *Home Owner Grant Act* as it relates to the non-municipal areas of the province.

(e) FINANCIAL INSTITUTIONS COMMISSION

This sub-vote provides for:

- (i) operation of the Financial Institutions Commission and the Credit Union Deposit Insurance Corporation under the *Financial Institutions Act*;
- (ii) administrative costs of regulating credit unions, trust companies, and insurance companies;
- (iii) administration of international financial business legislation, captive insurance legislation, the *Real Estate Act*, the *Mortgage Brokers Act* and the *Condominium Act*; and
- (iv) administrative costs of credit union stabilization, the Credit Union Deposit Insurance Fund, and related activities. These costs are fully recovered from the Credit Union Deposit Insurance Corporation.

Recoveries are also received from self-regulatory organizations for electronic information services.

(f) PUBLIC SERVICE APPEAL BOARD

This sub-vote provides for fees and salaries of the board members and staff, and expenses of the board in the processing and hearing of appeals under the *Public Service Act*.

Vote 34—Pensions Administration

This vote provides for administrative costs incurred by the Superannuation Commission in the administration of nine pension plans, as authorized by the following authorities:

- Pension (Public Service) Act*;

Pension (Teachers) Act;
Pension (College) Act;
Legislative Assembly Allowances and Pension Act;
 BC Rail Ltd Pension Plan rules;
 British Columbia Hydro and Power Authority Pension Plan regulations;
 Westel Communications Ltd. Pension Plan rules; and
 Workers' Compensation Board Superannuation Plan regulations.
 Costs are fully recovered from the pension funds.

Statutory Accounts

Unclaimed Money Act

This account was established under the authority of the *Unclaimed Money Act* (R.S.B.C. 1979, chap. 418, sec. 4).

Interest on Revenue Refunds

This account was established under the authority of the *Financial Administration Act*, (S.B.C. 1981, chap. 15, sec. 24(1)(c)).

Financial Administration Act Sec. 58 Indemnities

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 58(1)).

Student Loans

This account was established under the authority of the *Financial Administration Act*, (S.B.C. 1981, chap. 15, sec. 11(2)) for the purpose of covering costs associated with collecting out-of-province student loans.

Special Accounts

Provincial Home Acquisition

This account was created as a fund by the *Provincial Home Acquisition Act*, 1967, and was changed to a Special Account under the *Special Appropriations Act*, 1982. The purpose of the account was to pay grants to qualified British Columbia residents constructing or purchasing a home, and to make loans secured by second mortgages. Currently, mortgage financing is provided from this account to qualified British Columbia residents for the conversion of existing housing into rental suites under the *Home Conversion and Leasehold Loan Act*, 1979.

Most of the B.C. Second Mortgage program portfolio has been sold to private sector lenders. The province re-purchases mortgage accounts which become more than 90 days in arrears.

Revenue consists of interest on outstanding mortgage principal. Expenditure includes statutory rebates and other miscellaneous program costs.

Receipts represent repayment of outstanding mortgage loan principal. Disbursements represent new conversion mortgages, repurchased mortgage accounts and guarantee claims paid under the mortgage assistance program.

Provincial Treasury Operations

This account was established in 1990 by amendments to the *Financial Administration Act*, and provides for the operations of the Provincial Treasury. Provincial Treasury provides investment, debt management, banking and cash management, and loan administration services on a cost recovery basis to its clients, including Crown corporations and the government.

Revenue is derived from the fees charged by the Provincial Treasury for its services provided to government entities not included in the Consolidated Revenue Fund. Expenditure represents the cost of operating the Provincial Treasury. Recoveries are received for the cost of services provided to ministries and are netted against expenditures.

No financing transactions are provided for under this account.

British Columbia Securities Commission

This account was established in 1990 by an amendment to the *Securities Act* and provided for the operation of the British Columbia Securities Commission and the costs of administering the *Securities Act* and the *Commodity Control Act*. Revenue represents fees, licenses and other revenue collected by the Commission from participants in the securities markets. Expenditures represent costs directly related to the regulation of trading in securities and for administration. In 1995/96 the Securities Commission will become a Crown agency under the *Securities Amendment Act (No. 1)*, 1995. The *Securities Amendment Act (1995)* eliminates the account and continues the British Columbia Securities Commission as an independent Crown agency outside the Consolidated Revenue Fund.

Special Fund

British Columbia Endowment Fund

This fund was established under the authority of the *Financial Administration Act*, to hold the assets of the Special Fund in perpetuity, and keep them invested to produce revenue and economic benefit for British Columbia.

On June 30, 1995, the remaining assets of the Fund, along with related commitments, were transferred to the General Fund of the Consolidated Revenue Fund.

Valuation Allowance

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 14(1)).

Forests

Vote 35—Minister's Office

This vote provides for the Office of the Minister of Forests, and includes the salaries of the minister, the minister's staff and related office expenses.

Vote 36—Ministry Operations

This vote provides for forest and range management programs of the ministry and for management, finance and administration services. Functions related to these programs and services are performed at provincial, regional and district levels and include:

(a) CORPORATE SERVICES

This sub-vote provides for senior executive direction and coordination of central ministry services including personnel, finance, audit, systems, accommodation, communications, technical services and public information for all other ministry initiatives. Grants are provided for activities which promote prudent forest management. Costs related to the provision of certain services are recovered from other ministries.

(b) FOREST RESOURCES MANAGEMENT

This sub-vote provides for the management of the provincial forest and range land base at provincial, regional and district levels. Grants and contributions are provided for the promotion of integrated management of the forest and range land base. Costs related to the Small Business Forest Enterprise Program are recovered from the Small Business Forest Enterprise Special Account. Costs related to the provision of supplies and services are recovered from other ministries, agencies and levels of government. This sub-vote is comprised of the following activities:

- (i) *Resource Planning and Allocation*—provides for land use planning; compiling and maintaining information about forest and range lands; compiling and maintaining information about aboriginal rights over forest and range lands, and research and development associated with resource utilization;
- (ii) *Resource Use*—provides for forest tenure administration and other ongoing forest land administrative activities; operations administrative support; the development, maintenance, deactivation and rehabilitation of roads, trails and bridges; the activities associated with reforestation lands destroyed by fire, insects or disease since 1987; and the operation of tree nurseries and the seed centre; and
- (iii) *Monitoring, Enforcement and Audit*—provides for the monitoring, enforcement and audit of forest practices and revenue administration and the audit of industry performance.

(c) FOREST INVESTMENT

This sub-vote provides for activities which enhance forest resources to increase and improve wood supply, range lands, recreation opportunity and habitat. These activities include stand tending, silviculture activities and reforestation of lands denuded by pests and fire prior to 1987; range and recreation land enhancement; research and development associated with forest enhancement; land information; seed orchards and forest health activity. The Forest Resource Development Agreement (FRDA) includes all activities that qualify for cost sharing under the FRDA II agreement. FRDA II is a five year agreement (1991 to 1996) to share costs associated with increasing the value and volume of the forest resource.

(d) PROVINCIAL CAPITAL COMMISSION

This sub-vote provides for contributions to the Provincial Capital Commission to protect and enhance the amenities of the Greater Victoria area and its approaches.

Vote 37—Fire Suppression

This vote provides for the direct fire fighting and fire preparedness programs of the ministry. Functions related to these programs and services are performed at provincial, regional and district levels, and include:

(a) DIRECT FIRE FIGHTING

This sub-vote provides for fighting and extinguishing forest and range fires as required by the *Forest Act*, including *ex gratia* payments related to this program's activities. Recoveries are received for the provision of these services to other agencies, provinces and countries.

(b) FIRE PREPAREDNESS

This sub-vote provides for administration, policies, procedures and research pertaining to fire management and provides for maintaining the ministry's firefighting resources in a state of readiness. Grants and contributions are provided to promote fire safety and awareness. Costs related to the Small Business Forest Enterprise Program are recovered from the Small Business Forest Enterprise Special Account. Recoveries are also received for the provision of services to other agencies, provinces and countries.

Statutory Accounts

Forest Renewal Plan

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)).

Powell Forest Canoe Route

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)) to pay and recover MacMillan Bloedel Limited's contribution to the maintenance contract for the Powell Forest Canoe Route within Tree Farm Licence 39.

Interest on Revenue Refunds

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)).

Special Accounts

Forest Stand Management Fund

This account was originally established as a fund by the *Forest Stand Management Fund Act*, 1986, and was changed to a Special Account under the *Special Accounts Appropriation and Control Act*, 1988. Revenue is provided by contributions from municipalities, the forest industry, forest sector unions and others. Expenditures provide for enhanced management of British Columbia's forest and range lands and for related projects.

No financing transactions are provided for under this account.

Small Business Forest Enterprise

This account was established in 1988 through an amendment to section 87.1 of the *Forest Act*. The purpose of the account is to identify all revenues incidental to the operation of the Small Business Forest Enterprise program and to provide an ongoing source of funds to defray the costs of the program.

Revenue is collected from the following sources: upset stumpage; bonus stumpage; annual fees and billings (annual rent, trespass charges, scaling fees, and registration fees) incidental to the operation of the program; and sales of logs.

Expenditure is for program administration, construction and maintenance of logging roads and bridges, costs of selling timber and logs, basic silviculture to restock logged lands, and other activities incidental to the operation of the program.

Revenue in excess of current expenditures and future basic silviculture requirements is transferred to the General Fund.

No financing transactions are provided for under this account.

South Moresby Implementation—Forest Replacement

This account was established by the *South Moresby Implementation Account Act* in 1988. The purpose of the account is to offset the decrease in forest land available for harvest due to the creation of South Moresby National Park by funding incremental silviculture activities on coastal forest lands.

The account can be credited with contributions from the General Fund, the federal government and accrued interest.

No financing transactions are provided for under this account.

Valuation Allowance

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 14(1)).

Government Services and Ministry Responsible for Sports

Vote 38—Minister's Office

This vote provides for the Office of the Minister of Government Services and Minister Responsible for Sports, and includes the salaries of the minister, the minister's staff and related office expenses.

Vote 39—Ministry Operations

This vote provides for central services to the Legislature, the Executive Council, special offices, ministries and participating public bodies and for administration of the *Purchasing Commission Act*, the *Document Disposal Act*, the *Statistics Act*, and the *Freedom of Information and Protection of Privacy Act*. Major activities include:

(a) CORPORATE SERVICES

This sub-vote provides for support services to the ministry including executive direction, policy, planning, program evaluation, financial, administrative, human resources, and information systems. Provision is made for: some expenses incurred by the Legislature and the Office of the Premier; operation and maintenance costs of the Legislative Buildings; occupancy and related costs in Vancouver for the Executive Council; occupancy and maintenance costs of British Columbia House, Ottawa; reimbursement of certain expenses to members of the Legislative Assembly under section 6 of the *Legislative Allowances and Pensions Act*; a grant to the Intergovernmental Conference Secretariat; and Cabinet committee expenses and travel expenses within Canada for members of the Executive Council, Parliamentary Secretaries, and related staff. This sub-vote also provides for services to other ministries through the Information and Privacy Branch, including development of policies and procedures and the implementation of improved public access to government information, and the protection of personal information held by government. Recoveries are received from special offices and ministries for some support services.

(b) COMMUNITY PROGRAMS AND SERVICES

This sub-vote provides for executive direction, communications, specialized and statutory services provided to government, and grants and services in support of community initiatives including:

- (i) *Archives and Records Services*—provides for acquisition and preservation of historical government and private documents, printed materials and other records such as photographs, paintings, prints and audio-visual recordings considered to be of permanent historical significance to the province. This program also provides for centralized performance of duties prescribed under the *Document Disposal Act*. Some costs are recovered for the storage, retrieval and disposal of records on behalf of Crown agencies, and for the photocopying of records and miscellaneous sales. Recoveries are received from external organizations for costs associated with conservation programs and the storage of records;
- (ii) *BC Stats*—provides for the production of statistical information, data dissemination, and analytical services to government under the *Statistics Act*; costs incurred for statistical services to ministries and other parties are partially recovered, as are the costs of publications and releases to external users;
- (iii) *British Columbia Gaming Commission*—provides for licensing and developing policy for charitable organizations and establishing the terms and conditions of charitable gaming; conducting hearings for licence denials, suspensions, and revocations;
- (iv) *Enquiry BC*—provides for toll-free telephone access and referral service on government programs for residents of the province, and the undertaking of special projects for government agencies on a cost recovery basis;
- (v) *Gaming Policy Implementation*—provides for the implementation of newly formed public gaming policy for British Columbia;

Statutory Accounts

Inter-provincial Reciprocal Agreements—Hospital Care

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)). Effective October, 1981, all the provinces in Canada agreed to fund the hospitals in their jurisdiction for eligible services provided to insured residents of another province. The province providing the service recovers the cost from the patients' home province.

Inter-Provincial Reciprocal Agreements—Medical Services

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)). Effective April, 1999, all provinces in Canada, except Quebec, agreed that residents of other provinces would be eligible for the same insured physician services as those provided to residents in the host province. The host province reimburses the physician for the service, and then recovers the cost from the patients' home province.

Heart Health

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)) to facilitate accounting for recoverable expenditures under a five year cost sharing agreement with the federal government to develop a community based approach to preventing and reducing heart disease.

Native Home Nursing

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)) for the purpose of providing home nursing care services by the Upper Island Health Unit to the Gwa'Sala-Nakwaxda'Xw Band and the Kwakiuti Band.

Joint Emergency Preparedness

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)) for a federal/provincial agreement to fund some emergencies preparedness activities.

Occupational Therapy Outreach

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)) for the purpose of providing occupational therapy services to First Nations people living in the Mount Washington region. Associated costs are recoverable from the federal government.

Nimkish Health Contract

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)) for the purpose of providing assessment, consultation, care management and direct nursing care to band members living on the Nimkish Reserve. Costs are recoverable from the Nimkish Health Board.

Yukon Communicable Disease Program

This account was established under the authority of the *Financial Administration Act* (S.B.C. 1981, chap. 15, sec. 22(1)) for the purpose of contracting with the B.C. Centre for Disease Control to assist with communicable disease (TB) control. There are no Medical Health Officers in the Yukon.

- *Unemployment Insurance*—provides for employer costs for unemployment insurance premiums;
- *Workers' Compensation*—provides for employer costs of benefits paid to eligible employees by the Workers' Compensation Board; and
- *Other Benefits*—provides for the employer's costs for benefits for licensed professional employees, management appointees and other employees not covered by a collective agreement, severance settlements and other miscellaneous benefits and related payments.

Recoveries are received from those public bodies which participate in the above plans and, in certain circumstances, from employees.

- (iii) *Recoveries from Special Offices and Ministries*—provides for full recovery, from all special offices and ministries, of pension contributions and retirement benefits, and employee health, insurance and other benefits for employees covered by these plans and receiving these benefits.

Vote 64—Environmental Appeal Board and Forest Appeals Commission (Minister of Environment, Lands and Parks; Minister of Forests)

This vote provides for:

(a) ENVIRONMENTAL APPEAL BOARD

This sub-vote provides for operation of the Environmental Appeal Board which hears appeals to decisions made under environmental legislation. Costs related to some appeals are recovered from the Ministry of Health.

(b) FOREST APPEALS COMMISSION

This sub-vote provides for operation of the Forest Appeals Commission in meeting the requirements of Part 9 of the *Forest Practices Code of British Columbia Act*, including hearing appeals under the Act, evaluating how the Act, regulations and standards are functioning, and recommending amendments.

Vote 65—Forest Practices Board (Minister of Forests; Minister of Environment, Lands and Parks; Minister of Energy, Mines and Petroleum Resources)

This vote provides for the operation of the Forest Practices Board in meeting the requirements of Part 8 of the *Forest Practices Code of British Columbia Act*, including independent audits and special investigations of forest practices and investigations of public complaints.

Statutory Accounts

Special Accounts

Insurance and Risk Management

This account was established by the *Financial Administration Amendment Act, 1989*, and provides insurance and/or risk management services to government bodies, ministries, public authorities, and classes of persons and public authorities designated by regulation. The account is administered by the Ministry of Finance and Corporate Relations.

Revenues and recoveries represent amounts paid into the account by or in respect of participants under agreements, earnings of the account, the cost of services provided to or on behalf of participants, amounts required to be paid under regulation or amounts appropriated for that purpose. Revenues are received from government entities not included in the Consolidated Revenue Fund. Expenditures are for administrative costs associated with risk management services; and costs related to agreements or arrangements for risk management services, purchases of insurance, and/or self-insurance services provided to government bodies, ministries, public authorities, persons, hospitals, regional health boards, community health councils, schools, colleges, and universities and for investigation and settlement of claims. Recoveries are received from government entities included in the Consolidated Revenue Fund, and are netted against expenditures.

No financing transactions are provided for under this account.

South Moresby Implementation—Forestry Compensation

This account was established by the *South Moresby Implementation Account Act, 1988* and is administered by the Ministry of Forests. The purpose of the account is to provide for acquisition of third party forest interests associated with the proposed national park on South Moresby Island.

The account may be credited with contributions from the General Fund, the federal government and accrued interest. Expenditures may be made for acquisition of third party forest interests associated with the proposed national park on South Moresby Island and to cover costs associated with making such acquisitions.

No financing transactions are provided for under this account.

Notes to British Columbia Endowment Fund Financial Statements for the Three Months Ended June 30, 1995 (Unaudited)

1. Significant Accounting Policies

(a) REPORTING ENTITY

These financial statements include the accounts of the British Columbia Endowment Fund and organizations which are owned or controlled by the British Columbia Endowment Fund (W.L.C. Developments Ltd, Duke Point Development Limited and Discovery Enterprises Inc in 1995).

The British Columbia Endowment Fund is a Special Fund, for purposes of the *Financial Administration Act*, established pursuant to the *British Columbia Endowment Fund Act*. Its purpose is to hold the assets of the special fund and keep them invested to produce revenue and economic benefit for British Columbia.

(b) PRINCIPLES OF CONSOLIDATION

The accounts of organizations owned or controlled by the British Columbia Endowment Fund are consolidated with the accounts of the British Columbia Endowment Fund after adjusting them to a basis consistent with the accounting policies described below. Inter-organization accounts and transactions are eliminated upon consolidation.

(c) BASIS OF ACCOUNTING AND SPECIFIC POLICIES

The basis of accounting and specific policies are as stated in the Significant Accounting Policies note of the Consolidated Revenue Fund Financial Statements, with the following amendments:

- In accounting for the British Columbia Endowment Fund, proceeds are defined as the proceeds arising from the disposition of assets or rights held by the Crown or an agent of the Crown and designated by the Lieutenant Governor in Council.
- The Minister of Finance and Corporate Relations may pay all or part of the accrued earnings of the British Columbia Endowment Fund into the General Fund, or into another special fund, as and when directed by the Lieutenant Governor in Council.
- The Minister of Finance and Corporate Relations is permitted to diversify the investments of the British Columbia Endowment Fund into additional classes of investment such as equities (domestic and foreign), mortgages, real estate, bonds (government and corporate) and venture capital.
- Investment transactions are recorded on the trade date (the date the order to buy or sell is executed). Dividend income is recognized on the ex-dividend date and interest income is recorded on the accrual basis. Realized gains and losses from investment transactions are calculated on the average cost basis.
- The value of investments, other assets and liabilities in foreign currencies are translated into Canadian dollars at the closing rate of exchange on each valuation date. Purchases and sales of investments are translated at the exchange rate prevailing on the respective dates of such transactions. Income and expenses are translated into Canadian dollars at the monthly closing exchange rate.

On June 30, 1995, the assets of the fund, along with related commitments, were transferred to the General Fund of the Consolidated Revenue Fund.

3. Commencement of Fund

Effective April 1, 1992, the Natural Resource Community Fund came into force. Subsequently \$15 million was transferred from the British Columbia Endowment Fund into the fund.

4. Investment Portfolio

The investment portfolio consists of units of the Province of British Columbia Pooled Investment Portfolios.

5. Other Revenues

Other Revenues equate to 0.5% of all revenues, other than fines, under all the following Acts: *Coal Act*; *Geothermal Resources Act*; *Logging Tax Act*; *Mineral Tax Act*; *Mineral Land Tax Act*; *Mineral Tenure Act*; *Mines Act*; *Mining Tax Act*; *Petroleum and Natural Gas Act*; and, *Range Act*.

6. Community Assistance

During 1995/96, assistance was provided to the following community:

Port Hardy	\$50,000
------------------	-----------------

7. Transfer to the General Fund

Under the *Natural Resource Community Fund Act*, section 6, at the end of the fiscal year any balance in the special fund in excess of \$25 million is transferred to and becomes part of the General Fund.

Ministry of Agriculture, Fisheries and Food			
Agricultural Land Development (Special Account)	2,317,246	887,733	1,429,513
Loans (disbursements) are provided to agricultural producers for purposes specified under the <i>Agricultural Credit Act</i> . Receipts represent estimated repayments of outstanding loan principal.			
Crop Insurance Stabilization	0	0	
Advances (disbursements) are provided to cover deficits in the Crop Insurance Trust Account that may arise due to payment of indemnity claims in excess of premiums and other revenue in the Trust Account. These advances are to be fully recovered from Crop Insurance Program premium revenue in subsequent years (receipts).			
Ministry of Attorney General			
Interest on Trusts and Deposits.....	1,132,348	1,132,348	
Interest (disbursements) is credited to certain trust funds and deposits belonging to third parties, which are held by and are under the general administration or trusteeship of the province, on the basis of earnings received (receipts) from the investment of these funds or as specified by provincial statutes.			
Ministry of Employment and Investment			
Industrial Incentive Fund (Special Account)	0	0	
Loans and investments (disbursements) are provided to stimulate private sector investment and development for key sectors and projects under the Industrial Development Subsidiary Agreement and other programs. Loans and investments may also be provided from the account to support economic plans of the Job Protection Commission. Receipts represent repayments.			
Vancouver Island Natural Gas Pipeline Rate Stabilization Facility	0	0	
The <i>Vancouver Island Natural Gas Pipeline Act</i> provides for the establishment of a rate stabilization facility (a low interest repayable loan) to enable the utility to maintain competitive consumer rates during its early years of operation while its customer base is growing. Disbursements represent loan advances. No receipts are anticipated in 1995/96.			
British Columbia Community Financial Services Corporation.....	0	6,000,000	(6,000,000)
Disbursements represent investment in the British Columbia Community Financial Services Corporation. The purpose of the corporation is to encourage and facilitate the use of savings institutions by, and to provide a full range of financial and related services to, members of the community.

Crown Land (Special Account)	541,586	15,064	526,522
Disbursements reflect recoverable disbursements associated with the acquisition, servicing, development and disposition of Crown land. Receipts represent repayment of outstanding loans and deposits made on pending sales.			
Ministry of Finance and Corporate Relations			
Provincial Home Acquisition (Special Account).....	1,370,359	447,205	923,154
Disbursements represent new conversion mortgages, repurchased mortgage accounts and guarantee claims paid under the mortgage assistance program. Receipts represent repayment of outstanding mortgage loan principal.			
<i>Land Tax Deferment Act</i>	18,400,529	16,221,271	2,179,258
Local governments are reimbursed (disbursements) by the province for property taxes, of those over 60 years of age and other qualified property owners, that are deferred under this Act. The property owner or the estate is required to repay to the province all deferred taxes together with interest on the termination of the agreement. Receipts represent repayments of outstanding principal (taxes deferred exclusive of interest). Interest is credited to the Consolidated Revenue Fund as revenue, and administration costs are funded through the ministry's voted appropriations.			
Low Interest Loan Assistance	58,765	0	58,765
Disbursements represent capitalized administrative costs relating to loans that were made under the Low Interest Loan Assistance Program. Most of the loan portfolio was sold to private sector lenders in 1989/90. Receipts represent principal payments on retained loans. No new loan authorizations are being made.			
Rural Area Property Taxes	133,898,753	133,898,753	
Advances (disbursements) are provided by the province to local governments and entities in rural areas in respect of local taxes and levies (receipts) collected on their behalf by the Ministry of Finance and Corporate Relations. Administration costs are funded through voted appropriations.			
Ministry of Health and Ministry Responsible for Seniors			
Health Innovation Incentive Program	4,381,720	3,497,906	883,814
Loans (disbursements) are provided to stimulate investment in innovation by British Columbia hospitals and other health agencies. Receipts represent repayment of the loans through efficiency savings.			

**Ministry Related Financing Transactions¹—Summary
for the Fiscal Year Ended March 31, 1996—Continued
(Unaudited)**

	Actual		
	Receipts ²	Disburse- ments	Source (Requirement)
	\$	\$	\$
Ministry of Municipal Affairs and Housing			
Social Housing	0	0	
Advances (disbursements) are provided by the Provincial Rental Housing Corporation to acquire sites for social housing projects. Receipts are from the Provincial Rental Housing Corporation for funds received through prepaid leases and the proceeds of other transactions with respect to purchased sites.			
Ministry of Small Business, Tourism and Culture			
Small Business Incentive Program (Special Account)	0	0	
Individual loans (disbursements) of up to \$500,000 are provided to stimulate investment in business, aquaculture and industrial production facilities and equipment under the Small Business Incentives Subsidiary Agreement and other programs. Loans may also be provided to support the economic plans of the Job Protection Commission.			
Total Financing Transactions.....	<u>162,101,306</u>	<u>162,100,280</u>	<u>1,026</u>

¹The purpose of this table is to show the receipts and disbursements for major financing transactions related to ministry programs, or administered by ministries, in order to fully disclose the government's financial transactions and provide documentation for the *Supply Act* which authorizes these transactions. Financing transactions do not affect operating revenue or expenditure or change the net equity of the province. The exception would be concessionary loans. Concessionary loans are those granted at an interest rate less than market rate. The present value of the difference is considered as a grant and an expense of the period. They do, however, change the composition of the province's assets between cash and loans and other investments. As a result, they either increase or decrease the government's cash or borrowing requirements.

²Receipts represent only the recovery of the original advance, investment or loan principal (disbursements). Interest earned on outstanding advances, investments or loans is credited to the appropriate Special Account or to the main operating account revenue.

¹Deferred compensation is amounts earned in previous years and received in the current year. This would include, for example, vacation time not taken, or other lump sum payments. Up to October 1, 1988, Deputy Ministers were able to defer up to 15% of annual compensation. Amounts received in the current year appear as deferred compensation. This does not include employee benefits.
